CAMEC

CAMEC

We are proud to offer you a truly functional BBQ. Crafted to the highest quality, and purpose built for the harsh outdoors including boats, caravans, home and camping.

All models are manufactured from fully welded 316 stainless steel (no folded or sharp edges), which gives a timeless finish that will not rust. Our high quality stainless steel burners offer excellent tracking, coverage and a lifetime of reliable service. BBQ plates are manufactured from 3CR12 material, a superior cooking surface with excellent thermal conductivity and rust resistance. Our shaped lid features an adjustable steam relief port and nautical teak handle.

Our rotary piezo ignition and heat control is combined into the one simple, user friendly and reliable system.

Front, middle and rear M10 mounting points make the BBQ's suitable for every possible installation, including custom requirements or most typical installations using our standard range of marine mounting options.

SAFETY FIRST:

- ✓ AGA tested and certified
- ✓ Flame failure safety device
- ✓ Piezo ignition system (no need for matches)

"We did our homework, looked at other BBQ's on the market and found that Sovereign is fabulous for our needs. Thanks for a great product."

Michael Lindsay

"Clearly an extraordinary amount of thought has gone into this product. It's a gem!"

Greg Williams

"Possibly the best quality marine BBQ on the market."

Raife Billington - Past Commodore SYC
